

Duty-Free TE Bags (ICAO)

Transparent Tamper-Evident Bags for Air Travel Security

ICAO Regulations require strict compliance as follows:

Tamper Evident Bags: Liquids, gel and paste products brought by passengers from airport retail stores located after police and immigration points before the security-restricted area of the airport should be sealed at the point of sale in a transparent, plastic 'tamper-evident' bag. These bags should be made to the same specifications as used in the EU.

Transfer Passengers: Regulations should recognize the security of 'tamper evident' bags on the same day of travel for

- a. domestic transfer passengers,
- b. same-day return passengers,
- c. outbound passengers transferring at their next airport arrival,
- d. in-bound transfer passengers arriving from other countries in which the country has a mutual recognition agreement on airport and duty-free supply chain security. Such passengers should be allowed to pass through security screening points with liquids in containers over 100ml provided the 'tamper-evident' bag remains sealed.

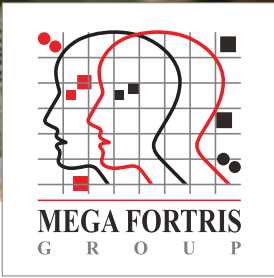

Features

- 1 Duty Free Tamper Evident bags conform to International Civil Aviation Organisation (ICAO) regulations to enhance airport and duty-free supply chain security.
- 2 Internal Transparent Pocket to display receipt as proof of purchase at airport duty-free shops, or on board aircraft.
- 3 Hidden markings are revealed when the security tape is tampered with. **(Please refer to subsequent page for additional information on our TE Bag (ICAO) Security Tape features.)**
- 4 TE Bags are made of transparent Co-ex film which is resistant to oil, water and rough handling, and is 100% recyclable.
- 5 Printing to edges prevents cutting and re-sealing of the sides.
- 6 Proprietary wide welding prevents side cutting and re-sealing.
- 7 Corresponding serial numbers, state code, manufacturer code by ICAO and product code are printed on the bag.
- 8 Multiple warning messages are printed on the front and back of the bag.
