Airline Padlock

Cost-Effective, User-friendly Plastic Padlock seal

Slim, flat, and easy-to-use, the Airline Padlock seal is especially popular in the airline, food catering and communications industries. Its ease of use makes it time and cost-effective.

The plastic seal is very slim, which makes it suitable for applications like cash boxes, airline food, sales trolleys, carts etc. The seal sits flat when locked and is therefore ideal for applications that are stowed away or might be handled roughly.

The Airline Padlock also comes with a sizeable space on the seal for customized laser markings.

Features

- 1 Easy to apply and remove by hand, the Airline Padlock contributes to operation efficiency.
- 2 Fits on most applications because of its slim size. However, the seal remains quite strong because of the Acetal locking insert.
- 3 Permanent laser marking of sequential numbering, logo or other customized marking for high security and easy identification.
- 4 Unique release tab facility for quick removal without tools.

Technical Specifications

PRODUCT

Material	Locking Space	Strap Dimensions	Pull Strength	Marking Area	Marking Digits
Body: Polypropylene	15mm	Ø 3.5 mm	10 kg	15 X 20 mm	Max 7

OUTER CARTON

Carton Quantity	Dimensions mm	Weight kg/carton	Volume m ³ /carton	Standard Colours
1,000 pcs	280 x 280 x 250 mm	4.26 kg	0.0196
