Fast Seal SP

Versatile Pull-tight Seal with Metal Locking

A flexible pull-tight seal, the Fast Seal SP features a metal locking mechanism that provides higher security and sealing capabilities.

The Fast Seal SP is user-friendly and easy to apply and remove for small sealing facilities e.g. cassettes for ATM machines and money boxes on which it is widely utilised. The heat staking technology used in manufacturing the Fast Seal SP ensures the seal is also highly tamper-evident.

Features

- 1 The Fast Seal SP is etched with permanent laser marking. Laser marking offers the highest level of security as it cannot be removed and replaced.
- 2 Heat staking technology is used to permanently fix the cap to the Fast Seal SP. Heat staked parts are bonded too strongly to be cut or forced open without leaving clear evidence of tampering.
- 3 Metal clip locking provides greater pull strength to the thin and flexible strap.
- 4 Colour coding is made possible by using combinations of white-based seals and multi-coloured caps. A floating metal clip is shielded securely by a cap, providing great locking strength and security.

Technical Specifications

PRODUCT

Product	Material	Locking Space	Strap Dimensions	Pull Strength	Marking Area	Max Marking Digits
FS SP 5"	Body: PP / Nylon	125 mm	∅ 2.30 mm	18 kg (PP)	Flap: 45 x 15 mm	14
FS SP 8"		200 mm		21 kg (NY)		
FS SP 12"		300 mm				

INNER CARTON

	Carton Quantity	Dimensions	Weight kg/carton	Volume m ³ /carton
FS SP 5"	1,000 pcs	279 x 214 x 160 mm	3.06	0.00955
FS SP 8"	1,000 pcs	354 x 214 x 156 mm	3.50	0.01182
FS SP 12"	1,000 pcs	450 x 210 x 215 mm	3.80	0.02032

OUTER CARTON

	Quantity	Dimensions	Weight kg/carton	Volume m ³ /carton
FS SP 5"	5,000 pcs	815 x 285 x 225 mm	15.30	0.05226
FS SP 8"	5,000 pcs	800 x 360 x 225 mm	17.50	0.06480
FS SP 12"	5,000 pcs	1070 x 458 x 225 mm	19.00	0.11026
